Heating

Thank you for your understanding with our heating issues. Our priority is to keep everybody safe and to try and limit disruptions. All the classrooms have heaters and we have ordered additional heaters - in the meantime, if your child complains of being cold, please dress them with additional layers.

Website

I am delighted to say that the website is now up and running: <https://www.gucs.org.uk/>

We are aware of some issues looking at the curriculum maps and timetables on the class pages whilst using a mobile phone, this is being addressed. There is lots of information already on there but we will continue to add sections as needed. If there is any information that you would find helpful that is not currently on the website, please get in touch.

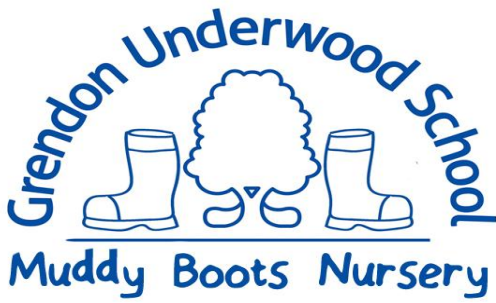

Car Park

A gentle reminder that the staff car park is only for staff or those with a blue badge. Even if you are running late, or you will only be five minutes, the car park is not to be used.

Congratulations!

I am delighted and excited to share Mrs Spencer's news. She is expecting a baby at the beginning of July. We will keep you updated as to when she is going on maternity leave and what this will look like for the children in Year 3.

This week at Muddy Boots, we have been settling back into our Muddy Boots routine after a lovely long christmas break. We have been looking at numbers lots this week - working on recognising some and counting all sorts of things to match the numbers we know.

We have welcomed some new friends to Muddy Boots and showed them how kind we are and how good at sharing we are.

We have been looking at weather and seasons and we know there are four seasons and we know it is now winter. We can already talk about the things that help us know this.

We have loved looking at your photos and sharing our news with each other too.

We hope you have a lovely weekend and look forward to seeing you all next week.
